The DCI Story

John and Janelle Spencer have personal experience in the dental industry. John was a top representative for a major dental supplier, and Janelle, a dental hygienist. They started DCI Inc thirty-nine years ago to provide dental parts and accessories that are high in quality and value.

What began with a small home loan, an idea for an improved syringe and a makeshift office in their living room evolved to DCI becoming the world's largest and most trusted dental parts manufacturer, earning a reputation for reliability with service technicians. With the help of their children, Jason and Amy, and a dedication to high standards, DCI has continued their growth with the addition of equipment and cabinet product lines.

Today, DCI remains a family-run business with strong growth, based on that same care and concern for customers.

FAMILY-OWNED & OPERATED SINCE 1983

John, Jason and Amy Spencer

DCI is a family-owned company spanning two generations, based in Newberg, Oregon, the heart of dental equipment manufacturing in America.

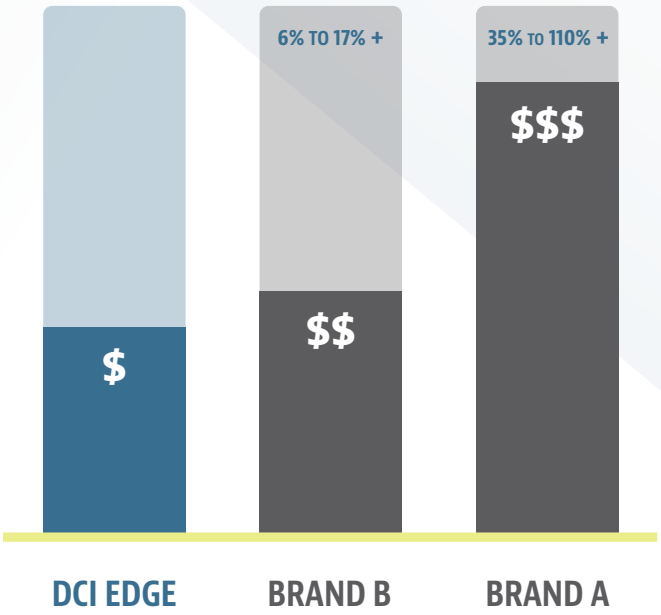

Why DCI?

DCI 5 YEAR Warranty

- Feature-rich affordability
- Fastest growing dental equipment manufacturer in North America
- World's Largest Dental Parts Manufacturer
- Service Technicians have been relying on DCI parts for 39 years
- First in the industry to offer the 5-year equipment warranty for Dentist peace of mind
- For decades, we have disrupted the status quo and pushed the industry forward to benefit the dentist
- Preferred equipment provider for many US Dental Support Organizations

Feature-Rich Affordability

DCI business processes run lean and efficiently. This efficiency is passed on to the customer as savings when compared to the competition.

CHAIR FEATURES

CHAIR FEATURES	SERIES 5	SERIES 4	BENEFITS
Bluetooth chair diagnostics	X	X	Use your Android phone to connect to the DCI chair to troubleshoot, program, and update the firmware. Helps to eliminate downtime and expensive service visits.
Hydraulic motor	X	X	All hydraulic movements ensure a quiet yet strong performance. Each chair is tested with 600 lbs before it leaves the DCI factory in Newberg, OR.
60º Swivel	X	X	Access and flexibility.
Foldout armrest movement for patient entry & exit	X Upholstered	X	Armrests rotate 170º, giving patients easy entry and exit. Armrest acts as hand support for patients.
Push-button dual articulating headrest	X	X	Standard on all DCI chairs, the push button dual articulating headrest allows easy positioning of the oral cavity.
Accelerometer chair position sensors	2	2	Utilizing the same advanced technology used in a cell phone to maintain preset positions accurately and reliably. Older mechanical technology is the number one point of failure for most dental chairs.
Soft start and soft stop	X		Soft start and soft stop technology eliminates abrupt chair movements.
Thin & narrow ergo backrest	X	X	Facilitates unencumbered access to the oral cavity.
Headrest back scoop	X		Headrest back scoop improves flexibility when positioning headrest for smaller patients, while providing shoulder support for larger patients.
Upholstery set designed with multi-layer system	X		Pure comfort cushions utilize four material layers, including memory foam, to achieve the ultimate in patient comfort.
Base	Powder-coated cast ductile iron	Powder-coated high-quality laser cut steel	The Series 5 contoured cast iron base eliminates wobbling and instability of a flat base plate.
Heavy-duty cast chair structure	X		Minimizes shaking and enhances stability of the chair.
Integrated fine adjustment tool kit	X		Easy access to adjustment tools within each dental chair.
Chair at the lowest height	15"	16"	One of the lowest dental chairs allows a shorter practitioner to position the patient while facilitating proper ergonomics.
Chair at the highest height	30"	30"	The height of the chair supports stand-up dentistry.

WARRANTY INFORMATION

All DCI Edge chairs, units, lights and cabinetry sold to and installed by authorized DCI Edge dealers are guaranteed to be free from defects in workmanship and materials for five years from the date of purchase.
During that period, we will repair or replace any defective part at no charge. DCI WILL NOT be responsible for dealer or service company labor charges or shipping charges to the DCI Edge factory.

Upholstery is warrantied for one year from the date of purchase. This guarantee does not cover normal wear, stains, cuts, or scratches on upholstery or surface finishes.

Staining, discoloration, or deterioration of the equipment caused by disinfectant solutions is not covered under warranty.

This guarantee does not cover damage resulting from improper installation, misuse, or accidents incurred in shipping and handling. All claims against the freight carrier must be initiated at the time the damaged items are received. The claim is the responsibility of the customer.

We are continually striving to improve our products. We reserve the right to make modifications without the need for prior notification.

Fiber optic tubings carry a six-month warranty, bulbs are items not covered under warranty.

OEM ancillary devices installed on DCI Edge equipment will follow the original manufacturer's warranty and are not covered by DCI Edge's warranty. Please contact the manufacturer of the device for warranty details and concerns.

Examples of installed products:
- NSK NLZE Electric Micromotor - which offers a 3-Year Worry-Free Warranty
- Dentsply Sirona Cavitron(R) system
- Acteon(R) Sopro family of intraoral cameras, piezoelectric scalers, and curing lights
- DTE Woodpecker Scaler and Curing Light

WARNING: Only authorized dealers should attempt to service DCI Edge Equipment. The use of other than authorized dealers will void the warranty.
