OPERATORY EQUIPMENT

DCI Edge

CRAFTED WITH DECADES OF EXPERIENCE

DCI was established over 40 years ago as a dental equipment parts company with the vision of providing components to the broader dental community, emphasizing quality and value at every step. Today, DCI is one of the world's largest and most trusted dental parts manufacturers.

Throughout its history, DCI has earned a strong reputation for reliability and value, becoming a trusted source of equipment parts for major manufacturers and service technicians alike. With the expansion and launch of DCI Edge dental equipment and cabinetry in 2016, the DCI Edge brand is recognized as North America's fastest-growing and second-largest equipment manufacturer.

WHY CHOOSE DCI EDGE EQUIPMENT?

Built & Crafted in the USA

All DCI Edge equipment and cabinetry are proudly designed and assembled in the USA using premium DCI components — delivering superior craftsmanship, consistent quality, and long-lasting reliability you can count on.

Efficiency and Value

Our lean business model is built around what matters most to you: quality, performance, and affordability. Simplified, thoughtfully engineered designs reduce complexity and deliver greater long-term value for your practice.

Expand Your Practice Without Compromise

Why settle for less when you can have it all? At DCI Edge, we believe in the Power of AND™ — more operatories AND better technology, greater production potential AND a budget that works for you. Connect with a Regional Sales Manager today for your complimentary 5-Year Production Analysis and discover what's possible for your practice.

Unmatched Customer Assurance

Every DCI Edge product is backed by an industry-leading 10-year warranty and a dedicated support team ready to assist long after installation. We're committed to being a partner you can rely on — not just at the point of sale, but for years to come.

GET COMFORTABLE
STAY HEALTHY

ERGONOMICS

The thin, narrow back design and dual articulating headrest allow ideal positioning for the provider and patient, ensuring enhanced comfort and efficiency for the entire dental team.

SIT OR STAND?

The Series 5 chair height adjusts between 16" and 31" so you can comfortably practice either sitting or standing.

ACCESS TO THE
ORAL CAVITY

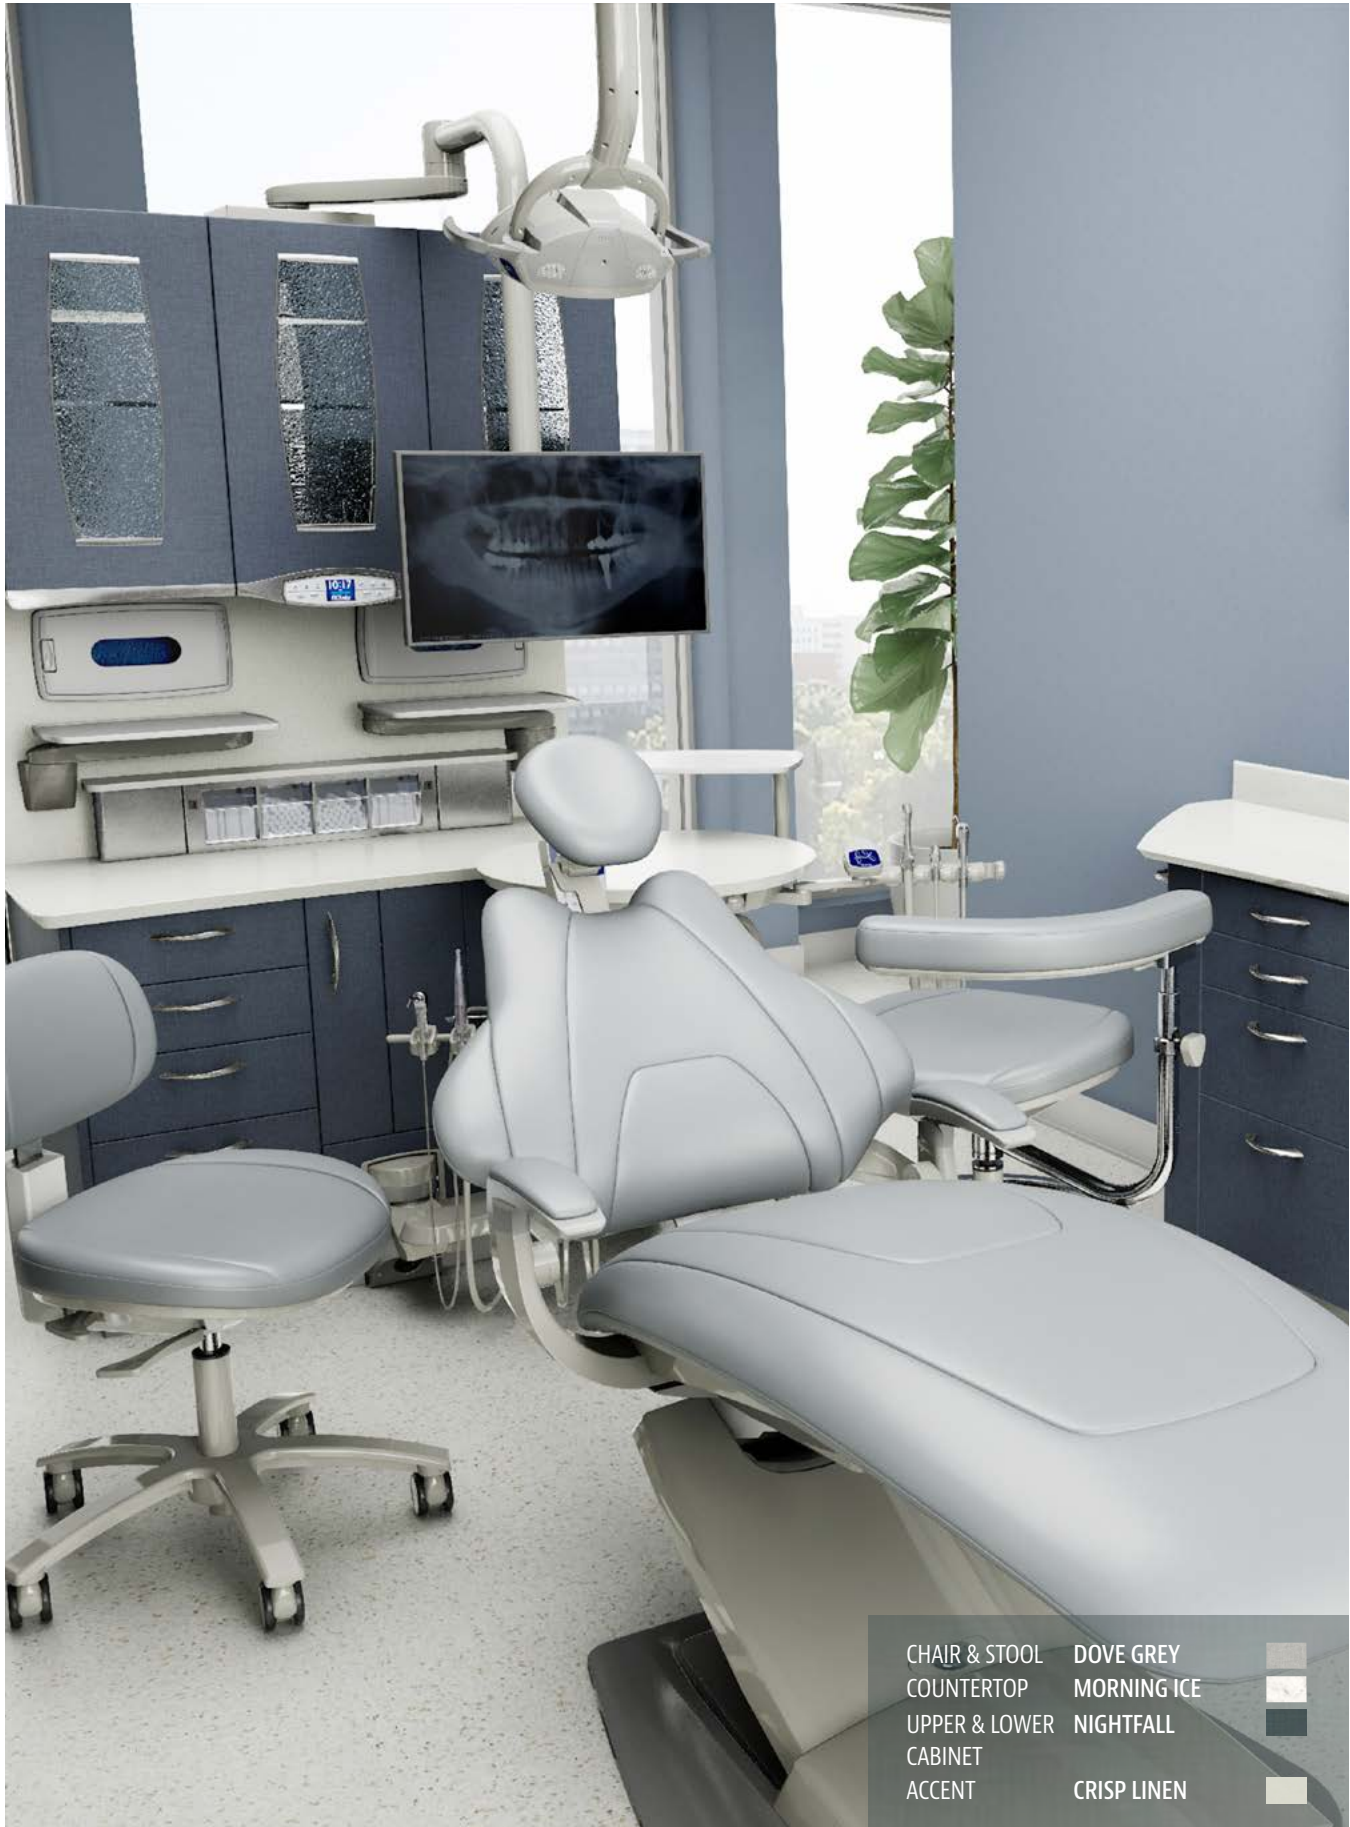

Unique contoured back design ensures full access between the 3 and 9 o'clock working positions while comfortably supporting the patient.

COMFORT THAT KEEPS PATIENTS SMILING

PATIENT SUPPORT

The innovative back cushion and headrest scoop designs provide patients with support regardless of their height.

Four proprietary air cushions provide a soothing experience that keeps patients relaxed throughout treatment.

SOFT START AND STOP

Adjust your chair without disrupting your patient using smooth start-and-stop technology.

DESIGN APPEAL

Available in ergoback or narrow back, and plush or asepsis styles, each with cushioned armrests and a wide variety of color options.

ERGOBACK PLUSH

DCI Edge Series 5 Plus Dental Stools feature industry-leading 13° anterior-tilt seat and Edge Upholstery for anti-slip performance.

SERIES 5 PLUS DELIVERY SYSTEM

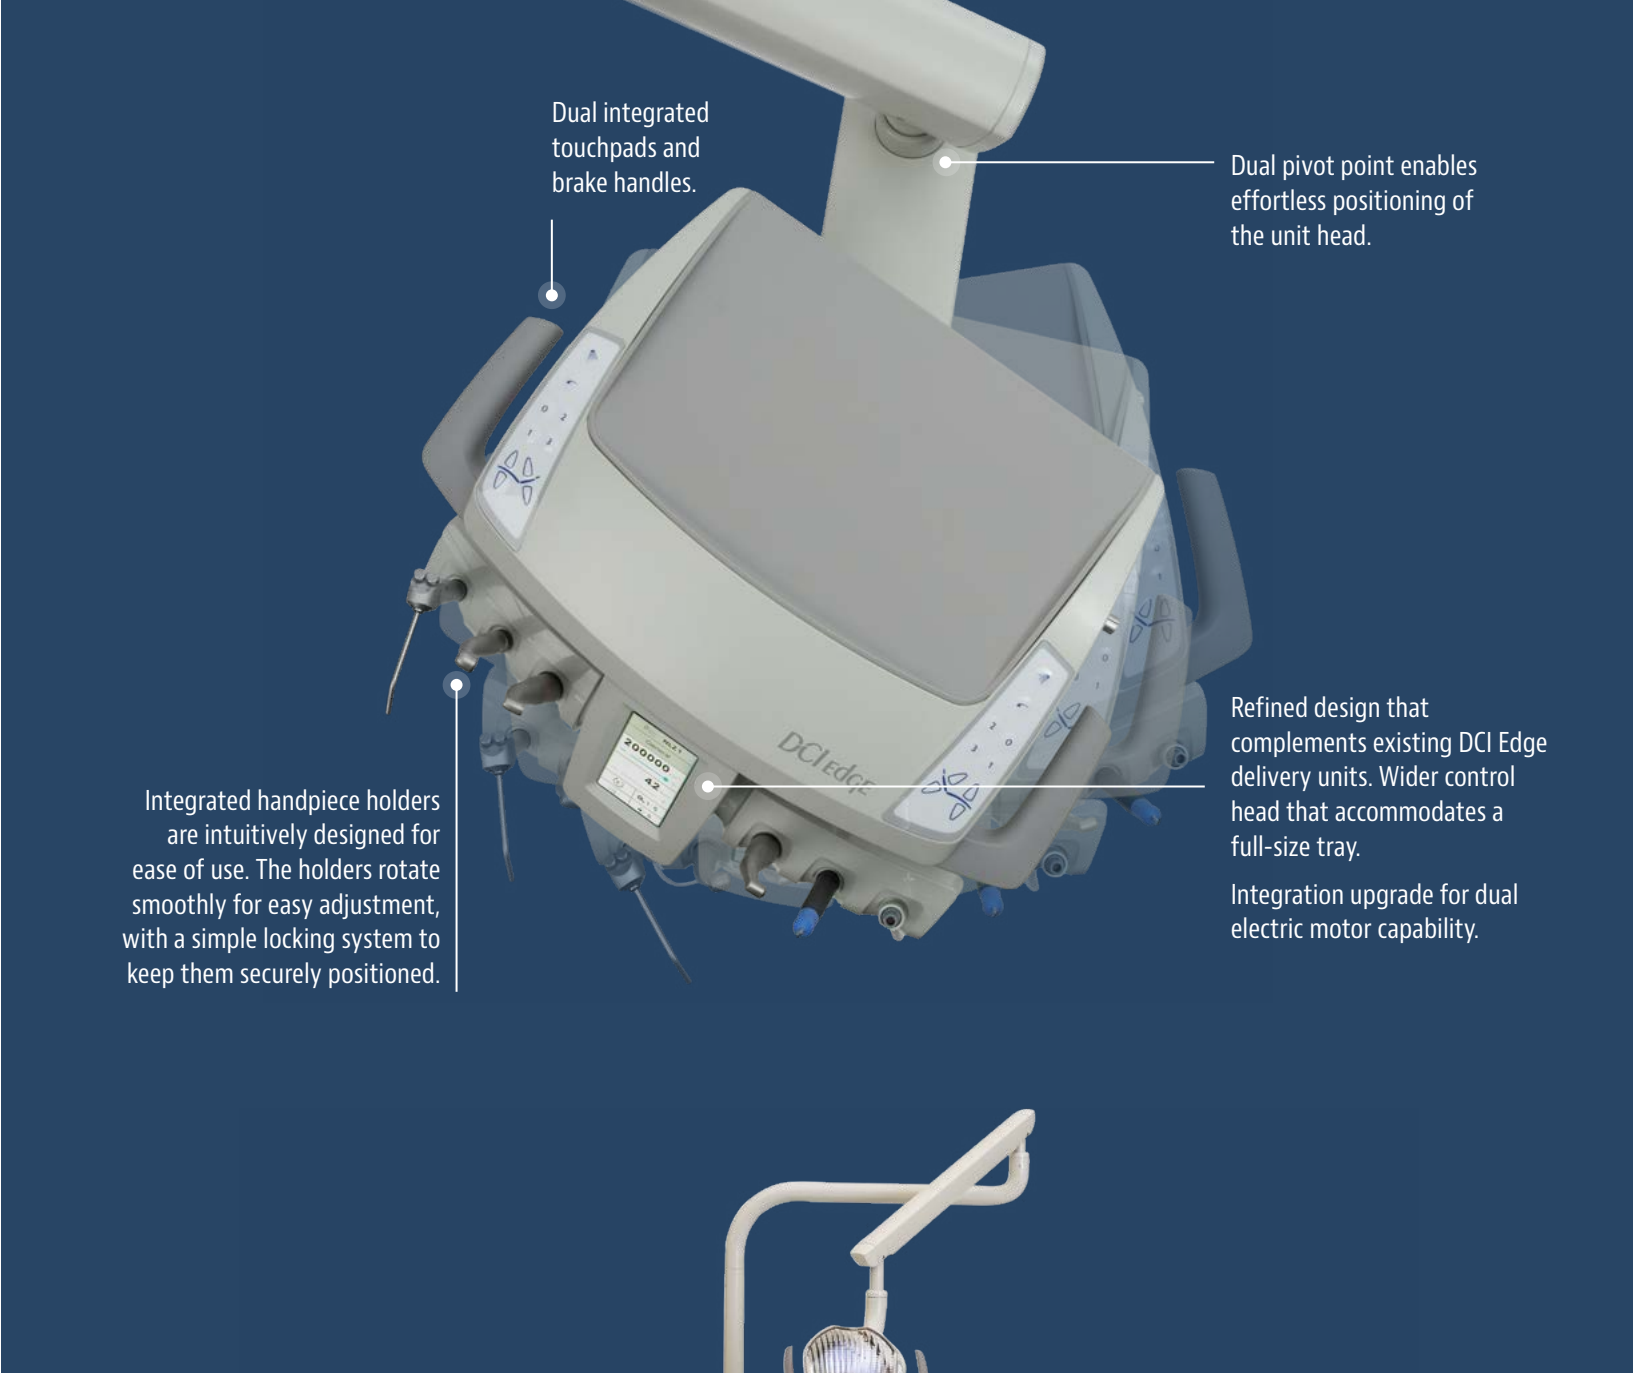

INTEGRATED NSK NLZ PRO DUAL ELECTRIC MOTOR SYSTEM

Enjoy enhanced safety and efficiency that comes with the integrated NSK NLZ PRO Dual Electric Motor System. Compact design is integrated into the Series 5 Plus to maximize your treatment potential.

EXCLUSIVE EXTENDED WARRANTY

Ask about the DCI Edge exclusive NSK pricing and extended warranty on a variety of air and electric attachment bundles.

SERIES 5 DELIVERY SYSTEM

The Series 5 delivery system seamlessly blends performance and design to elevate your workspace. Featuring the NSK NLZE electric motor system's compact design and cutting-edge features, it delivers enhanced safety and treatment efficiency with every use. Flexible enough to accommodate your current operatory devices, the Series 5 leaves room for any tools you may need in the future.

INNOVATIVE REFLECTIVE TECHNOLOGY INCREASED VISIBILITY

ACCURATE SHADE MATCHING 5000 K

5000 Kelvin color temperature with a color rendering index (CRI) of 90 produces a neutral white light, which is ideal for color matching at any intensity level.

SERIES 5 LED LIGHT

REFLECTIVE TECHNOLOGY

DCI delivers cutting-edge illumination through 500+ reflective facets that direct light precisely into the oral cavity — producing a crisp, uniform pattern that minimizes shadows and maximizes visibility.

LESS EYE FATIGUE

Optimal light performance reduces shadows, improving illumination of the oral cavity.

NO-CURE SETTING

Filters out UV light to prolong the working time of photo-initiated resins.

PROGRAMMABLE NO-TOUCH SENSORS

Control the light without contact.

INTEGRATED TOUCHPADS

-  No-Cure
-  Intensity
-  On/Off

SLEEK CABINETRY DESIGN TO COMPLETE YOUR OPERATORY

Designed for optimal organization and efficiency, DCI Edge Cabinetry combines the work and storage space you need with a beautiful modern aesthetic. Purposeful and streamlined construction at a price point that offers the best value for your budget.

DCI EDGE CABINETRY

QUALITY, RELIABILITY, AFFORDABILITY

HIGH-QUALITY CONSTRUCTION

Structural steel support with a 6-inch subbase provides durability while lifting wooden components off the floor and away from moisture. Thermal-fused edge-banding makes doors and drawers water resistant and protects edges from damage.

PRECISION MANUFACTURING

Designed with cutting-edge software and cut with state-of-the-art CNC machinery, DCI Edge cabinetry represents quality at the highest level.

RELIABLE COMPONENTS

Engineered with top-of-the-line components that stand the test of time.

FUNCTIONAL AND AFFORDABLE

Built to support all operatory needs, including units and lights, at a competitive price point.

ATTENTION TO DETAIL

Enjoy detailed features that make routine tasks more efficient: soft-close doors and drawers; undermount sinks that are easily cleaned after each patient; powder-coated steel sub-bases that stand up to repeated cleaning.

COMPLETE SOLUTIONS

From side cabinets to 12 o'clock workstations, center island consoles to sterilization centers and lab casework, DCI Edge cabinetry offers complete solutions to meet your individual needs.

DESIGNED FOR DENTAL ORGANIZATION AND EFFICIENCY

FLEXIBLE DESIGN

DCI Edge provides modular customization to accommodate even the most challenging spaces and optimize operator organization.

TECHNOLOGY FRIENDLY

Tech-friendly modules allow for easy and efficient computer and technology integration. Designed with paperless offices in mind.

SOLUTIONS FOR PRODUCTIVITY

Adjustable pull-out ergo shelves, tip-out bins, flexible monitor mount, integrated electrical and USB ports, and colored drawer organizers ensure that everything you need is efficiently placed within reach.

CABINETRY STREAMLINED FOR STERILIZATION & WORKFLOW

A WORKSPACE BUILT JUST FOR YOU

Sterilization is one of the most important steps in a practice, and one size never fits all. With DCI Edge, you can create a Sterilization Center that fits your unique needs. All options feature a process-based flow that keeps productivity high and risk low.

STERILIZATION TOWERS BUILT TO LAST

Built with waterproof materials that guarantee protection from water damage. Multiple tower options accommodate your specific sterilizer selections.

SYSTEMATIC DECONTAMINATION

Optimize workflow with specialized waste containers, stainless steel undermount sink, dual integrated drain boards and conveniently placed glove dispensers.

FACTORY INTEGRATED ACCESSORIES

Our designers and engineers have curated a list of the best options in dental sterilization. Factory installation provides optimal placement and smooth workflow.

FLIP DOWN WRAP STATION

Two conveniently spaced drawers designed to pull out and flip down, ensuring ample space to wrap cassettes of any size.

Three DCI Edge locations, conveniently located in multiple time zones
