

Dental Cabinet Comparison Guide

Why DCI Edge Outperforms Local Options

Features	DCI Edge Cabinetry	Local Cabinet Contractor
Tax Deductible?	 Our cabinets are serialized equipment, qualifying for section 179 tax deductions and bonus depreciation, which can mean significant tax savings.*	Typically not eligible as cabinets become part of the structure.
6" Steel Powdercoated Cabinet Subbase	 6" powder-coated structural steel subbase won't warp or delaminate over time.	Typically plywood or particleboard box pedestal.
1mm PVC Thermal-Fused Edgebanding	 Thermal-fused edgebanding makes doors and drawers water resitant, protects edges from damage and comes standard with an exact color match to the cabinet color.	Typically glued, susceptible to peeling and water damage.
Soft-Close Doors and Drawers	 Soft close feature comes standard with all drawers and doors.	 Hardware quality varies, and typically additional cost.
Solid Surface Countertops Included in Cabinet Price	 Wilsonart Solid Surface countertops comes standard on all products with over 20 color options to choose from.	Typically an additional upcharge.
10-Year Warranty	 Every DCI Edge Cabinet comes with a 10-Year Warranty	Variable, typically 1 year or less
Equipment Integration and Installation	 Custom modular design to fit your needs with multiple integration options for cable and tubing management, integrated outlets and USB ports.	Timely to install, and any modifications affect integrity of cabinet.
Industrial Grade UltraBlend panels	 Choose from 32 cabinet color options at one standard price to provide a multitude of design combinations.	Unkown grades of residential or commercial particle board, fiberboard, and plywood such as melamine.
Screwed, Glued and Dowelled	 Assembled with screws, glue and dowels which provides a stronger cabinet support.	The assembly method varies, but not all three methods on the same cabinet.
Modular	 Semi-customizable modules to fit your unique dental cabinet needs.	Limited modules
