

DISCOVER DCI EDGE WITH A VIP TOUR

For more than 40 years, DCI has designed, engineered, and assembled its products right here in the United States. We encourage potential customers, dealers, and community partners to schedule a tour at one of our locations. Come see our products firsthand and discover what sets DCI apart.

Why take a tour?

- Get all of your questions answered by our experts
- Try out our equipment firsthand
- Explore our various operatory layout options
- Get a behind-the-scenes look at how we manufacture our industry-leading dental equipment

NEWBERG, OREGON

At our company's birthplace and headquarters, you'll find our flagship showroom, our state-of-the-art cabinet shop, and the manufacturing facilities where innovation and craftsmanship come together to assemble our equipment and components.

CHARLOTTE, NORTH CAROLINA

Our East Coast headquarters features an elevated showroom with multiple operatories to explore, as well as our second cabinet shop, where you can witness the specialized processes that go into crafting our cabinetry.

HOFFMAN ESTATES, ILLINOIS

At the NSK North American headquarters, located outside of Chicago, Illinois, you can tour our third DCI Edge showroom, furnished with multiple operatories and equipment for you to experience firsthand.

VIRTUAL TOUR

We are pleased to offer virtual tours for those who are unable to visit us on-site due to schedule or weather limitations. This option enables you to ask questions in real-time and gain insights into our equipment and manufacturing processes from the comfort of your office and alongside your local DCI Edge representative.

CONTACT YOUR LOCAL REGIONAL SALES MANAGER OR DCI EDGE DEALER TO SCHEDULE
