40 Years of Dental Manufacturing

DCI was established over 40 years ago by the Spencer family as a parts company with the vision of providing dental components to the broader dental community, emphasizing quality and value at every step. Today, DCI is one of the world's largest and most trusted dental parts manufacturers.

Throughout its history, major equipment manufacturers and service technicians have relied on DCI, earning the company a strong reputation for reliability and value. With the expansion and launch of DCI Edge dental equipment and cabinetry in 2016, the DCI Edge brand is recognized as North America's fastest-growing and second-largest equipment manufacturer.

NSK + DCI

STRONGER TOGETHER

Our two brands have over 135 years of combined manufacturing experience and a reputation for reliability, craftsmanship, and service. We have a shared dedication to producing long-lasting, feature-rich products for our customers.

Why Choose DCI Edge Equipment?

Built and Crafted in the USA: All DCI Edge equipment and cabinetry are proudly designed and assembled in the USA using high-quality DCI components for superior craftsmanship and reliability.

Efficiency and Value: Our lean business model focuses on what customers value most—quality, performance, and affordability. Simplified, efficient designs reduce complexity and enhance long-term value.

Why settle for less when you can have it all? DCI Edge equipment AND advanced technology—CBCT imaging, CAD/CAM, IOS, and 3D printing—work together to transform productivity and patient care. With DCI Edge's cost-effective equipment and cabinet solutions, you don't have to choose between equipment and technology. That's the Power of AND.

Unmatched Customer Assurance: We back every product with a 10-year warranty and expert support. Our team is here to help long after installation, ensuring you can depend on DCI Edge for years to come.

DENTAL CHAIRS

CHAIR FEATURES

CHAIR FEATURES	SERIES 5	SERIES 4	BENEFITS
AirSoothe™ Technology	X		This innovative option is designed to prioritize patient comfort by utilizing four proprietary air cushions, providing a relaxing experience that leaves patients feeling rejuvenated and at ease.
Hydraulic motor	X	X	All hydraulic movements ensure a quiet yet strong performance. Each chair is tested with 600 lbs before it leaves the DCI factory in Newberg, OR.
60° Swivel	X	X	Access and flexibility.
Foldout armrest movement for patient entry & exit	X Upholstered	X	Armrests rotate 170°, giving patients easy entry and exit. Armrest acts as hand support for patients.
Push-button dual articulating headrest	X	X	Standard on all DCI chairs, the push button dual articulating headrest allows easy positioning of the oral cavity.
Accelerometer chair position sensors	2	2	Utilizing the same advanced technology used in a cell phone to maintain preset positions accurately and reliably. Older mechanical technology is the number one point of failure for most dental chairs.
Soft start and soft stop	X		Soft start and soft stop technology eliminates abrupt chair movements.
Thin & narrow ergo backrest	X	X	Facilitates unencumbered access to the oral cavity.
Headrest back scoop	X		Headrest back scoop improves flexibility when positioning headrest for smaller patients, while providing shoulder support for larger patients.
Contoured Cast Iron Base	Powder-coated cast ductile iron	Powder-coated high-quality laser cut steel	Heavy duty cast iron chair structure for enhanced stability.
Heavy-duty cast chair structure	X		Minimizes shaking and enhances stability of the chair.
Integrated fine adjustment tool kit	X		Easy access to adjustment tools within each dental chair.
Chair at the lowest height	15"	16"	One of the lowest dental chairs allows a shorter practitioner to position the patient while facilitating proper ergonomics.
Chair at the highest height	30"	30"	The height of the chair supports stand-up dentistry.

Series 5 Chair

Featuring the Pure Comfort System

Experience ultimate relaxation and support with the Series 5 dental chair—engineered for patient comfort and effortless performance.

Four proprietary air cushions provide a relaxing experience that keeps the patients relaxed throughout treatment.

Serenity Seating

Specialized foam and padded armrests provide premium comfort and superior ergonomic support.

Smooth Hydraulic System

A gentle start-and-stop motion ensures smooth, seamless chair transitions for a calming experience.

Dynamic Headrest

Dual-articulating headrest and scooped backrest offer optimal positioning and visibility for the practitioner.

Ultraleather™ Upgrade

Optional premium upholstery delivers a luxurious feel and refined aesthetic to elevate any operator.

Series 5 Chair

Features

Headrest back scoop provides additional positioning flexibility and increased shoulder support

Heavy duty cast chair structure for enhanced stability

Soft start and stop technology eliminates abrupt movements

Heavy duty removable armrests with added layer of cushion for patient comfort

Fine adjustment toolkit easily accessible in each chair

Versatile with ability to be used in general practice, orthodontic, or pediatric operatories

Optional AirSoothe™ uses four proprietary air cushions to enhance patient relaxation and comfort.

WARRANTY INFORMATION

All DCI Edge equipment purchased on or after February 20, 2025, that is sold through, installed, and serviced by authorized DCI Edge dealers are guaranteed to be free from defects in workmanship and materials for ten years from the date of purchase

During that period, DCI Edge will provide replacement parts at no charge. DCI Edge will not be responsible for dealer or service company labor charges or shipping charges to the DCI Edge factory.

Upholstery is warrantied for five years from the date of purchase. Tubings carry one-year warranty.

This guarantee does not cover damage from normal wear/tear, unintended use, and contact with non-recommended materials.

OEM ancillary devices installed by DCI Edge will follow the original manufacturer's warranty and are not covered by DCI Edge's warranty.

*We reserve the right to make modifications of parts without the need for prior notification.

*Service parts are not covered under this warranty.

FREIGHT DAMAGE

This guarantee does not cover damage resulting from improper installation, misuse, or accidents incurred in shipping and handling. All claims against the freight carrier must be initiated at the time the damaged items are received. The claim is the responsibility of the customer.

WARRANTY EXCLUSIONS

DCI is not responsible for any repair or replacement that is required as a direct result of:

- Damage caused by neglect, flooding, fire or any other improper use
- Normal wear and tear
- Failure to properly maintain the equipment in accordance with DCI's approved cleaning agents, maintenance schedules and service instructions
- Repairs using methods that have not been approved by DCI
- Failure to use genuine DCI parts
